

## A PLEASANT EXPERIENCE.

At Barclays, we do our utmost to ensure that patients enjoy a pleasant and uplifting care experience. Our spacious and modern rooms are beautifully decorated and feature complimentary room phones, cable TV, and wi-fi access. The grounds are meticulously maintained and include fine landscaped patios. The entire facility is situated on one floor for easy access to all areas.

Patients enjoy fine dining with upscale menu options; personal dietary needs are happily accommodated. Our recreational staff provides a variety of activity options and leisure pursuits designed to promote physical stamina, social interaction, intellectual stimulus, and relaxation.

If you or someone you love is in need of outstanding healthcare in a caring and pleasant environment, come visit us at Barclays. You'll discover what area physicians and hundreds of happy families already know.

REHABILITATION AND HEALTH  
CARE CENTER

# WELCOME.

Welcome to Barclays Rehabilitation and Health-care Center, a premier provider of a full range of skilled nursing care and rehabilitative therapy.

The first thing you'll notice about Barclays is the people. Barclays is a small family-owned and operated facility where the administrator and caregivers all know each patient on a first name basis. Our carefully selected staff members are helpful, considerate, and caring, providing our patients with professional and expert care with that personal homelike touch.

The expertise of  
**PROFESSIONALS.**  
The **WARMTH** and  
**COMPASSION** of family.

## REHAB CARE PROFESSIONALS.

At Barclays, our team of experts is focused on one goal: to help patients regain maximum functionality and quality of life as quickly as possible.

Our rehabilitation department offers focused, goal-oriented therapy seven days a week and uses cutting-edge technology to accelerate the healing process and recovery.

Under the direction of our medical director, our caregivers maintain close contact with each patient's physician, adhering to their protocol and apprising them of the patient's progress.

Barclays provides rehabilitative therapy and care for a broad range of needs including:

- Hip and knee replacement
- Post-surgical care
- Motor vehicle trauma
- Complex wound care
- Cardiac rehabilitation and care
- Diabetes management
- IV therapy
- Complex respiratory care
- Pain management
- Trache care
- Tube feeding

Barclays also provides outstanding long-term care, respite care and palliative care programs.
